End confusion in the groundwater maze.

Register for this information-packed seminar and get a win-win approach to the legal and technical issues of groundwater wells, rights and use. Hear about the latest trends in water well design and site selection. Get all your toughest questions answered regarding well sharing agreements. Find out how you can prosper in spite of complex laws and changing legal standards in Arizona. We'll show you how to overcome any obstacles you may encounter – including issues surrounding groundwater pumping and sustainability. Whether you are new to the field or have years of experience, you'll walk away with the ability to confidently handle every challenge you face.

Benefits for You

- Get up to speed on delineating groundwater and surface water
- Hear proven strategies on water well design and site selection
- Tips on complying with the Arizona Department of Water Resources' rules
- Find out what you need to know about well sharing agreements
- Learn the latest sustainability methodologies
